

NOKERA Planning designs environmentally-friendly housing with a unique modular, sustainable timber construction method. Our projects are designed exclusively in 3D making it possible to save resources and protect the environment even before the start of construction.

## Drafter | Modeler

### Your job:

- technical modeling of projects in 3D in our design or implementation planning departments
- use our inhouse catalog of pre-designed elements to draw our 3D models
- set and check the settings of used attributes

### Your skills:

- qualified drafter, modeler or drafting technician
- experience in 3D modeling in ArchiCAD
- fluent in English or German (at least B1) - we offer inhouse German classes!

### Entry level:

- students, graduates or experienced professionals
